

## COVID-19 and Fire Engine visits

From Feb 14 2021

Hello every one, Kevin here...

Currently Children are back in class and can use playgrounds without restrictions. Gatherings are permitted at homes and are no longer limited to 20. Wearing masks is also no longer required. However, an event or party host should keep a list of guests attending and keep it for at least 28 days.

The Fire Engine will be cleaned before each event, and I have arranged a QR Code for SafeWA tracking purposes (for adult Passengers).

Please let me know if you have any specific questions.

Fire Engine Fun Ph 0413569698

Below is an excerpt from the WA Gov website:

<https://www.wa.gov.au/government/announcements/return-pre-lockdown-life-1201am-sunday-14-february>

Masks will no longer be required to be worn either inside or outside, there will be no travel restrictions in WA, except for remote Aboriginal communities and mandatory contact registration will continue, as was planned prior to the lockdown.

Western Australians should continue to practise physical distancing where possible, maintain good personal hygiene at all times and get tested when unwell.

It is vital that all Western Australians ensure they are registering their contact details, at businesses and venues where contact registers are mandatory, to assist contact tracing if it is required.

As was the case before the lockdown, public or private events involving more than 500 patrons that require local government authority approval will need an approved COVID Event Plan as part of that process.
