

## COVID-19/Flu and Fire Engine visits

Hello every one, Kevin here...

Currently there have been no formal requirements for gatherings for a long time now... Yay!

There are still Covid cases in the community, and Flu variations that occur each year. While no formal restrictions are in place, it is important to avoid being around others if you or your guests are showing Flu-like symptoms.

If you have made a booking and need to cancel because you are dealing with sickness, there is no fuss this end, I fully understand.

(I am both Covid and Flu vaccinated)

See you 'out there', stay safe >>>Kevin
